### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Spinelli on April 21, 2006.

The application has been amended as follows:

### *IN THE CLAIMS*

In claim 14, line 8, delete "side" after "end";

line 14, delete "side" after "space".

In claim 18, line 3, replace "the" (between "cover" and "connecting") with --a--.

2. The following is an examiner's statement of reasons for allowance: Claim 14, as amended in the response filed March 23, 2006, now recites, *inter alia*, a cylindrical elastic member having an inner space with the flexible tube inserted in such inner space and a seal portion provided to seal the inner space at the distal end of the elastic member and engaged with the periphery of the flexible tube in order to keep the flexible tube fluid-tight, wherein the seal portion separates from at least a portion of the periphery of the flexible tube in response to a

predetermined pressure from the inner space to release the fluid-tight connection. Although the language appearing in the last five lines of the claim is functional, the Examiner takes the position that such language is functionally descriptive as it defines a physical property of the seal portion, and is thus given structural weight when defining the claim. As pointed out by Applicant, Higuma discloses a check valve *per se* and thus does not explicitly disclose the structure now recited in Applicant's claim 14. Since no other prior art reference of record explicitly discloses or fairly suggests the invention as claimed in claim 14, this claim, as well as all depending claims, is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John P. Leubecker whose telephone number is (571) 272-4769. The examiner can normally be reached on Monday through Friday, 6:00 AM to 2:30 PM.
